Summary

Information Technology undergraduate with strong foundations in Java, Data Structures and Algorithms, DBMS, SQL and Full Stack Development. Skilled in building web applications using React.js, Spring Boot, REST APIs and MySQL. Experienced in developing AI-integrated applications with authentication, role-based access and cloud deployment.

Technical Skills

Programming Languages: Java

Frontend Development: HTML, CSS, React.js, Tailwind CSS, Vite

Backend Development: Spring Boot, REST APIs, Maven

Databases: MySQL, MongoDB, SQL

Core CS: Data Structures & Algorithms, Object-Oriented Programming, DBMS, Operating Systems, Computer Networks

Authentication & APIs: Clerk, JWT, RESTful APIs, Groq API

Tools & Deployment: Git, GitHub, Vercel, Render, VS Code

Concepts: Problem Solving, Database Design, Software Development

Projects

NyayaSetu – AI-Powered Legal Assistance Platform

Tech Stack: React.js, Vite, Tailwind CSS, Java, Spring Boot, MySQL, Groq API, Clerk, Docker

- Built and deployed a full-stack legal assistance platform connecting users with advocates through AI-powered legal guidance and lawyer discovery.
- Developed Spring Boot REST APIs for lawyer discovery, consultations, case management, payments and role-based user, lawyer and admin workflows.
- Integrated Groq-powered AI Legal Copilot for plain-language legal assistance, issue classification and actionable guidance.
- Implemented direct UPI consultation payments with UTR submission and advocate-side payment verification.
- Designed case management with documents, hearings, consultation tracking and role-based access control using Clerk authentication.
- Deployed the React frontend on Vercel and containerized Spring Boot backend on Render with MySQL hosted on Aiven.

Weather monitoring

Tech Stack: HTML, CSS, JavaScript

- Developed a responsive weather and energy monitoring web application using HTML, CSS and JavaScript.
- Integrated Weather API services to fetch and display real-time weather information.
- Implemented location-based weather updates and dynamic data visualization features.
- Designed an interactive and mobile-friendly user interface to improve user experience.

Education

B.P. Poddar Institute of Management and Technology

Bachelor of Technology in Information Technology — CGPA: 7.4/10.00

2023 – Present

Mount Litera Zee School

Class XII (CBSE)

2020 – 2022

Sunrise Dwarika Academy

Class X (CBSE)

2015 – 2020

Achievements

- Participated in Smart Coder 2024 Coding Competition.
- Served as Event Coordinator for TechStorm 2026, supporting event planning and participant management.
- Winner of the B.P. Poddar Institute of Management and Technology Cricket Tournament 2024.
